

Election Calendar

For a City's General Election on November 8, 2016

This calendar indicates the dates for actions necessary in a general election of city officers to be held on November 8, 2016. It includes all major actions for which the Election Code prescribes a specific date or deadline for performance, but it does not include all actions (e.g., preparation of ballot boxes and other election equipment and of sets of precinct election forms) for which the beginning date for performance can vary from one city to another depending on local factors. Each city secretary should use the chart in M §9.02 of the *Texas Municipal Election Law Manual* in conjunction with this calendar to fill in those dates on the city secretary's personal election calendar created in accordance with local conditions [see M §9.03]. The city secretary's personal calendar should also reflect dates that the city secretary prefers in place of the discretionary dates recommended in this calendar.

Column 5 indicates the time interval between the date of the action and election day. For example, the notation "50th" in the entry for September 19 means that the first day for the city secretary's mandatory office hours is the 50th day before election day; the notation "+ 5" in the entry for November 13 means that the last day for receiving a ballot from outside the United States is the 5th day after election day. In this case it is extended to the 6th day after the election because the 5th day is on Sunday.

When there is a statutory provision prescribing the **last day** for the performance of an act, the number in Column 5 reflects that day. If the statutory day must be moved because of a Saturday, Sunday, or state or national holiday, the resulting date is designated in Columns 1 and 2 and Column 5 indicates, in parentheses and italics, the actual number of days measured from election day.

In preparing a personal calendar, the city secretary should remember the rule in EC §1.006 that if the last day for performance of an action falls on a Saturday, Sunday, or a state or national holiday, the deadline date is usually extended to the next regular business day whether the day is a city holiday or not [see M §2.16(a)]. When a deadline is extended for this reason, the extended date is used for determining other dates that are calculated in relation to the event of the extended date. Exceptions are noted in this calendar.

Major steps are in ALL CAPS. Steps for early voting are in *ITALICS*.
