**The City of Glenn Heights Keeps Citizens Safe and Informed with
NOTIFY Glenn Heights Resident Alerts**

Residents and Businesses Can Sign Up to Receive Critical Communications and Emergency Alerts

Glenn Heights, TX, February 4, 2019 -- The City of Glenn Heights will begin using **NOTIFY Glenn Heights**, a resident alert system, to communicate with citizens and businesses during emergencies and other critical events. Residents are encouraged to [register](#) immediately to receive these alerts.

NOTIFY Glenn Heights, a part of the Everbridge emergency notification system, will be used to alert residents about emergency events, ranging from severe weather, fires, floods and other emergencies, to more routine announcements, such as road closures and water utility maintenance. Messages will be sent to residents on their preferred contact paths—cell phone, SMS, home phone, email, fax, pager and more—to ensure real-time access to potentially lifesaving information. Residents with landlines listed in the City 911 database will be automatically subscribed to alerts by phone, but Everbridge allows citizens to self-register, provide additional contact information or opt out.

“We have a commitment to ensure public safety, community awareness and emergency response. To uphold this, when critical information and public service announcements are available, we need to reach our residents as quickly and reliably as possible,” said Keith Moore, Deputy Chief of Fire. “The **NOTIFY Glenn Heights** emergency notification system allows the City to disseminate this information across all types of devices, ensuring residents have access to real-time public information when they need it the most.”

A community push for registrations, including social media campaigns and on-site enrollments, will launch on February 4, 2019.

[Register for NOTIFY Glenn Heights](#) Resident Alerts now.

###

About The City of Glenn Heights – Incorporated in 1969, Glenn Heights is perfectly positioned along IH-35 East. Glenn Heights is a hospitable, business friendly, rapidly growing community divided between Dallas and Ellis counties. The City has a total area of 7.2 sq. miles (18.8 km sq.). More than 50% of the city's developable land is located along major arterial intersections that are available for retail and office development.
