PRESENTED TO

**City of Glenn Heights
Texas**

For the Fiscal Year Beginning

October 1, 2016

Christopher P. Morrell

Executive Director

TO THE HONORABLE MAYOR, CITY COUNCIL, AND CITIZENS OF THE CITY OF GLENN HEIGHTS:

Presented herein is the Fiscal Year (FY) 2018-2019 proposed operating and capital budget. The Budget establishes a financial plan for the provision of municipal services for the year, while also serving as a strategic policy document for the City. It balances the goal of meeting present-day service requirements, while also properly planning to accommodate increased service demands to meet challenges of the future associated with the significant growth occurring within the City.

This Budget recommends enhancements to the employee compensation package and numerous infrastructure and community improvements aimed at maintaining, enhancing, and improving City infrastructure assets and programs to more fully serve the citizens while growing the City.

This year's Budget prioritizes the City's infrastructure, and there are many proposed projects, from facilities to streets, that upon completion will serve to build the City anew. The most significant budget expenditures this fiscal year relate to the City's plan to establish a community center and develop a true city-centered core through the construction of new Public Safety, City Hall, and Recreational facilities, all on city-owned land on Hampton Avenue. The City Council has allocated more than \$13 million toward that effort. To date, it is the most significant city-funded project in its history.

Additional Budget recommendations will seek to grow the City's existing infrastructure, through either expansion or enhancement. The Budget proposes more than \$1.2 million in improvements for existing roadways, sidewalk installations, crosswalk signalization, and pedestrian access safety improvements.

Other significant infrastructure investments are being proposed with a focus on enhancing the quality of life. The Budget recommends projects intended to begin revitalizing Heritage Community Park, such as parking lot improvements, gazebo construction, irrigation system enhancements, and renovations to the concession stand and restrooms.

Additionally, this Budget proposes several expenditures meant to augment the water infrastructure, including the installation of a water system loop on the City's northwestern most region, to improve water quality in the area.

Continuing our efforts to compete for talent within the regional marketplace remains a vital component in accomplishing the City's goals. A significant consideration for any current or future employee is the organization's compensation package – particularly its retirement benefit. This Budget seeks to restore the City's 2:1 TMRS retirement contribution benefit match and proposes a 2% wage increase for all employees in good standing.

TAXABLE VALUE (VALUATION)

Annually, the City receives the Certified Appraised Values from both Dallas and Ellis Central Appraisal Districts of all the taxable property within its corporate boundaries. The total taxable value will increase from \$587,783,231 last year to \$660,012,306 this fiscal year, for a total increase of \$72,229,075 or 12%. The increase in taxable value comes in the form of \$14,461,867 in new improvements and \$57,767,208 in reappraised value.

AD VALOREM TAX RATES

The Total Tax Rate is the rate applied to the City's Certified Appraised Values for all the real property located within the City. The Total Tax Rate is a combination of two components, the Maintenance and Operation (M&O) tax rate that funds general operations, and the Interest and Sinking Rate (I&S) tax rate that funds debt services.

The FY18 budget proposes a Total Tax Rate of \$0.879181 per \$100 of property valuation compared to \$0.885434 in FY18. The decrease in the Total Tax Rate can be attributed to a significant rise in the City's Certified Appraised Values in FY19, resulting in an M&O rate of

\$.663441, from \$0.670822 in FY18. The I&S rate has decreased to \$0.215740 this year, compared to \$0.214612 in FY17.

GENERAL FUND

General Fund Revenues

General Fund revenues are expected to increase from the FY18 budgeted total of \$7,814,437 to \$8,381,713- an increase of \$466,092 (6.3%). Most of the increase in General Fund revenue is the result of a significant increase in property values. Other revenue projections have been held relatively steady to be more consistent with historical actual trends and existing market or service conditions.

AD VALOREM TAX REVENUE

The Ad Valorem Tax revenue for M&O is expected to grow to \$4,335,004 this year, up from \$3,903,549 in FY18; an increase of \$431,455, or 11%. This increase is directly related to the significant growth in the City's appraised property values and new construction activity.

Expenditures

In FY19 General Fund Expenditures are estimated at \$8,18,039,566 compared to \$7,696,060 in FY18. This 6% increase in expenditures is the lowest rate of increase in at least the last five fiscal years.

Reserves

General Fund reserves continue to exceed the required minimum and is projected to end FY19 at \$2,102,689 versus \$1,586,115 at the end of FY18, resulting in a 33% change.

WATER AND SEWER FUND

REVENUES

The City has again maintained water rates unchanged and will absorb an anticipated increase in water charges levied by the City's water supplier, Dallas Water Utilities (DWU). The FY19 Water Sales revenues are expected to increase to \$2,576,773 up from \$2,189,698 in FY18. Sewer sales are expected to increase to \$2,928,298 in FY19 up from last year's budget of \$2,719,517. Overall, Water and Sewer Fund revenues are expected to grow to \$5,984,839 this fiscal year versus \$5,360,015 in FY18.

EXPENDITURES

The areas funded by the Water and Sewer Fund include Utility Administration, Water and Sewer Operations, Wastewater Operations, Utility Billing, and Meter Services. In FY19 Water and Sewer Fund expenditures are expected to decrease to \$5,878,433 compared to \$6,449,172 in FY18 resulting in a 9% decrease.

Reserves

The Water and Sewer Fund reserve balance will increase by the end of the fiscal year to \$986,607 up from the approved FY18 amount of \$954,195.

DRAINAGE FUND

This revenue source funds operations related to the maintenance of the City's Storm Water System.

REVENUES

Drainage Fund revenues are expected to experience a slight increase to \$302,276 in FY19 as opposed to previously budgeted revenues of \$296,918 in FY18.

Expenditures

Drainage Fund expenditures are expected to experience an increase to \$434,537 in FY19 as opposed to previously budgeted expenditures of \$328,452 in FY18.

Reserves

The Drainage Fund reserve balance will decrease by the end of FY19 to \$88,203 down from the approved FY18 amount of \$597,287.

Although this Budget focuses keenly on meeting the needs of the present while preparing for the future, it is noteworthy that on September 16, 2019, the City of Glenn Heights will mark the 50th Anniversary of its incorporation. As this Budget carries the City toward that milestone with numerous projects that will refresh the City while it moves forward to a brighter future, it also seeks to responsibly manage the revenue and expenditures resulting from the exponential growth occurring within the City.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "David Hall, JD", is written over a horizontal line.

BUDGET PROCESS

The City of Glenn Heights uses a program-based budgeting process. Each budgeting unit or division is given a target or “baseline” funding level based upon the previous year’s funding level. With a few exceptions, no fixed assets, wages and benefits increases, or one-time packages are included in baseline funding. Any funding request that represents new expenditures and programs, or that is in excess of baseline funding, must be submitted as a separate request or “package”. These packages may be either a new or restoration request for resources, depending upon the budgeting unit’s funding target.

Revenue Projection

The budget revenue projections for the new fiscal year begin early in the current fiscal year. The projections are made by the departments responsible for the revenues with help from the Budget and Finance Departments. Projections are based upon consultations with state and local agencies, trend analysis, anticipated changes in the local and regional economy, and discussions with directly associated staff members. Although revenue projections are prepared early in the budget process, the budget revenue analysis continues with departmental budget development and extends until the budget is adopted based upon any new information.

Proposed Budget Analysis/Compilation

The Budget and Finance Departments review and compile a preliminary draft of departmental budgets to present to the Management Team, which is comprised of the City Manager, Deputy City Manager, and department directors. During the Management Team discussions, each department director answers questions from the entire group concerning their budget.

Given revenue projections and baseline funding requirements, budget funding changes are made according to necessity and priority. A total recommended funding level is determined and weighed against available resources.

THE BUDGET PROCESS (continued)

Proposed Budget Development

The City Manager, before August 1st, shall prepare and submit to the City Council the annual budget covering the next fiscal year. The City Manager's proposed budget should assume, for each fund, operating revenues and resources that are equal to, or exceed, operating expenditures. The City Manager's budget message summarizes funding requirements, major changes in programs, and alternatives for funding.

City Council Budget Study

Budget work sessions are held with the City Council to review and discuss the proposed budget. Discussions and study may follow at subsequent work sessions up until budget adoption.

Public Hearing/Budget Adoption

A public hearing on the proposed budget and two public hearings on the tax rate (if required by truth in Taxation laws) are held in August and September prior to final budget consideration.

City of Glenn Heights Charter Section 7.10 Amending the Budget

When conditions arise, which could not reasonably have been foreseen in the normal process of planning the budget, the Council may amend or change the budget for any municipal or public purpose; however; the total expenditures from all the City funds for the fiscal year may not be increased except by a vote of five (5) members of the City Council following a posted public hearing at which members of the public may provide input on such proposed amendment. In the event that a proposed budget amendment is in order to meet a grave public necessity, the City Council may, by a vote of five (5) of its members, waive the requirement for the public hearing. Amendments shall be by ordinance, and shall become an attachment to the original budget.

GENERAL FUND

The General Fund supports functions and activities that are traditionally provided by local government. Included are Administration, Community Services, Public Safety, and Street Maintenance and Repair. Revenue to finance these programs are derived principally from Ad Valorem Taxes, local Sales Taxes, and Revenue for Administrative Support for the City's prosperity fund. Other sources of revenue include building permit fees and municipal court fines.

PUBLIC SAFETY

The City of Glenn Heights' public safety divisions are evolving to meet the needs of the City's growing and diverse population. The offices in this cluster include the Police Department and Fire Department.

The Police Department is constantly exploring ways to be more efficient and responsive to the community. Police serves the Citizens and Visitors through Patrol, Administration, Community Policing, Criminal Investigations, 911 Emergency Communications, Animal Control, and Property & Records Management.

The Fire Department is dedicated to protecting lives and property as well as educating everyone about fire safety. The Department serves Citizens and visitors through Fire Inspections, Investigations, Fire Administration, Fire Suppression, Fire Prevention, Emergency Medical Services, and Emergency Management.

The Departments are dedicated to protect and serve.

PLANNING & ECONOMIC DEVELOPMENT

Planning & Economic Development facilitates orderly growth and development in the City through the proper enforcement of the City's land use, construction, and property maintenance regulations. The offices included on this cluster are the Economic Development and Planning & Development Services. The Departments work together to enhance the City of Glenn Heights' community and character.

WATER SEWER FUND

The Water and Sewer Utility Fund is an Enterprise Fund and accounts for revenues and expenses associated with the operation system, utility debt services and utility capital projects. Revenue to support the Water and Sewer Fund are derived from user's fees billed to commercial and residential customers in the City.

**FISCAL YEAR 2018-2019 APPROVED BUDGET
